

2012 FEDEX CUP SLIDING SCALE

% ADJUSTED POINTS TO QUOTA

1. FedEx Cup points will be awarded to all players based on how they finished within their respective Flights (refer to Point Distribution by Flight);
2. Total year end points accrued are divided by the total events played to determine the base Average Points per Event;
3. To create equity based on the number of FedEx Cup rounds played, year end Average Points per Event will be adjusted using this Sliding Scale.
